COURSE DESCRIPTION
Students in this course will master the fundamental principles and procedures of the modern practice of accounting. Students will gain practical experience with bookkeeping and preparing financial reports within the context of operating a sole proprietorship. Students will use a problem solving approach to actively apply key concepts of introductory accounting to realistic case studies.

COURSE EFFECTIVE DATES: August 2022 - Present

PREREQUISITES: No prerequisites

LENGTH OF COURSE: This is a self-paced course. Students may use as much or as little time as needed to complete the course.

ACE CREDIT® RECOMMENDATION: In the lower-division baccalaureate/associate degree category, 3 semester hours in financial accounting (8/22).

GRADING: This is a pass/fail course. Students must complete 9 Challenges (formative assessments) and 5 Milestones (summative assessments) with an overall score of 70% or better.

LEARNING OUTCOMES
Upon completion of the course, the student will be able to:

1. Identify accounting fundamentals
2. Analyze financial reporting
3. Apply principles of accounting for merchandising operations
4. Analyze advanced accounting topics
